

LGB Upgrade

10

Nearly any bomb may be upgraded with Laser Guided Bomb package. Such packages were developed by many countries

LGB: This weapon will not scatter. The target of this weapon needs to be designated by ground forces – either by a command squad or other unit capable of designating targets for off-board artillery

Upgrade any bomb with the LGB upgrade. The cost is per single bomb

Offboard Support

Countermeasures

Aircraft use various countermeasures to protect themselves from incoming missiles

Rules

Countermeasures: any SAM or AAM attacking this unit may be ignored on a D6 roll of 5+

Option

Add Countermeasures to any AIR unit for +10% of its cost.

Statistics

UPGRADE
